

Welcome to Year 4!

English and Topic:

This term we will be learning all about the Romans! We will be writing our own story about an adventure to the Colosseum focusing on using different sentence openers and a range of ambitious adjectives. We will also be making our own Roman pots on our class trip to Binchester Roman Fort in October!

Maths:

The Autumn term is all about trying to master all of our times tables! We will be using these in different areas of maths, for example, when finding fractions of amounts. We will also learn how to use columns for long multiplication.

PE:

Our PE slot is Thursday afternoon and an indoor kit is required. We also take part in swimming sessions every Monday morning.

Science and Music:

We are learning all about sound this term and how we can alter pitch and volume. On a Monday afternoon, Year 4 will be learning to play the ukulele!

Homework and Reading:

Homework will be handed out every Friday and marked the following Wednesday.

Reading books are to be returned daily.

We look forward to having a fantastic year!

Mrs. Milne and Mrs. Sokell
