'Willington Primary continues to be good school' – Ofsted May 2018

We are very pleased that a recent visit from Ofsted confirmed that Willington Primary is a good school. The inspection took place on the 10th May but we have just received the written report this week. The outcomes from the inspection are presented to school in the form of a letter and in it the inspector states that:

'Pupils are happy to attend Willington Primary School. They told me that they feel safe and secure and love learning, especially in maths. Parents and carers are appreciative of your successful efforts to create a caring school community. One expressed the opinions of many, when writing, 'Willington is a very inclusive school in which the focus is very much on the well-being of the children as well as on academic results.'

We are extremely proud of our school and your amazing children who make it so special. Please take some time to visit our school website <http://wp.me/p6NnMZ-6cy> to read the full report.

Zoolab Visits Nursery and Reception

Rob the Ranger from Zoolab visited nursery and reception class this week to teach them about minibeasts. The children got to hold a millipede, giant snail, cockroach and a snake. They even came face to face with a tarantula!

Class Photographs

Tempest photographers will be visiting school on Wednesday 13th June to take class photographs. Please ensure your child is wearing their full uniform. Details on how to order a copy will follow.

Reception class Visit Low Barnes

Reception class had a fabulous trip to Low Barnes Nature Reserve this week to enhance their lifecycles topic. The children explored the site and did a spot of pond dipping and bird watching. They particularly enjoyed minibeast hunting as they were inspired by Rob the Zoolab Ranger earlier in the week!
