Please Keep Our Children Safe

Several parents have approached the school with concerns over the safety of the children due to traffic congestion outside the school. Please park with consideration and care when dropping-off and picking up children. Where possible we would appreciate it if you were able to park away from the school and walk a short distance to the yard. Please help us keep our children safe. Thank you.

Thank you!

Thank you for everyone who donated to Children in Need last week! We have raised £187.74 for the very worthy charity. The children had a fantastic day which started with 'Wake up Shake up'.

Science is Fun

Professor Brainstorm visited us last week to perform his inspiring and educational science shows to children in year 1 to 6. Professor Brainstorm with help from the audience performed many exciting, puzzling and fascinating experiments. There was fun with liquid nitrogen, lots of bangs and even Harry Potter lent a hand! There was a real buzz around the school that day. Children really enjoyed the exciting shows in fact - they are still talking about the shows now!
