Willington Primary School

Easter Assembly

The whole school took part in an Easter assembly to share the work they had been doing in R.E lessons. Each year group had a question about Easter to investigate. Pupils shared their work in assembly in front of the whole school. There were excellent presentations and fabulous work. We were very proud of our pupils.

Easter egg competition

Thank you to those pupils who entered our Easter egg competition. All our children viewed the entries which were amazing and had clearly taken a lot of effort.

Easter raffle

Congratulations to the winners of our Easter raffle. We raised over £100 which will be put towards our new school library. Thank you to friends of school for organising this.

Warmer Weather

Pupils can wear a red, checked summer dress or grey shorts in the warm weather. Please send children in wearing sunscreen- we are unable to apply this to children throughout the day. They can bring in a sunscreen to reapply to themselves at lunchtime. Children should also bring a sunhat.
